I. DISCLOSURES

The services offered, and related prices stated herein, are subject to change without prior notice.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral service arrangement you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

This list does not include prices for certain items you may ask us to purchase for you - such as cemetery or crematory services, flowers and newspaper notices. The prices for these items will be shown on your contract or statement describing the funeral goods and services you selected. Certain funeral services may be provided off premises by other funeral service providers.

Our funeral home is proud of our ability to accommodate unique or special requests, as well as funeral customs from the many diverse cultures present in our community. If there is a service which you would like for your loved one, but do not see on our pricelist, please feel free to ask your Funeral Director and we will be honored to do everything we can to fulfill that request.

Hill and Wood offers Cremation Services, Attended Cremations, Burials and Green Burial Services. We do not offer "packages" beyond those required by the Federal Trade Commission, instead we offer all of our services individually so you may pick only the services and offerings you choose. If a particular service is required, either by law or regulation, your Funeral Director will explain those charges and requirements, and if you would like, offer available alternatives.

II. PROFESSIONAL SERVICES

A. **Professional services of Funeral Director and staff** \$3,600.00

This fee is for our basic services and overhead and will be added to the cost of the funeral arrangements you select. (This fee is already included in our fee for direct cremations, immediate burials and forwarding remains.)

Our charges include but are not limited to consultations with family and others, procurement, preparation and filing of necessary notices, authorizations and consents, crematory fee, Medical Examiner's fee, custody of the decedent's body, filing of the death certificate and obtaining permits, first day and up to six additional days of refrigeration, general expenses and supervision of minimum activities.

B. **Limited professional services when disposition has already occurred** \$1,120.00

This fee is for professional services for events when disposition has occurred elsewhere. This includes our basic services and overhead and will be added to the cost of funeral services selected. Our charges include but are not limited to consultations with family and others, procurement, preparation and filing of necessary notices and general expenses.

C. **Hill & Wood Staff Chaplain for services** \$150.00

At a family's request we can provide one of our chaplains to assist and officiate with a funeral or memorial service. Fees and availability of our chaplains may vary. If you are considering this option, please consult with your Funeral Director.

D. Hourly charge for special requests and unique circumstances \$150.00

Hill and Wood will do everything we can to accommodate unique or special requests. Sometimes there is work involved in fulfilling such requests beyond our standard fees. In such cases there may be an hourly charge, shown here. Any such requests should be discussed with your Funeral Director so they can provide an estimate of hours and any materials needed (materials are added at cost). Only work related to requests that are unique or otherwise fall outside of our other professional services will fall under this category. Examples include, but are not limited to: in-house construction of custom funeral or memorial items, in-house open and closing of graves (as available), shopping for clothing or other goods not offered by the funeral home, etc.

III. USE OF FUNERAL HOME FACILITIES, STAFF AND EQUIPMENT

A. Facilities and staff for visitation and viewing separate from other services \$595.00

Our charge includes supervision and attendants for visitation, receiving and displaying of floral arrangements, coordination and direction of requested visitation and use of parlor and other areas of our funeral home. This charge includes up to four hours of visitation concluding by 9 p.m. Longer visitations may be available at an additional charge of \$250.00/hr.

- B. Facilities and staff for visitation up to one hour prior to funeral service** \$295.00
- C. Facilities and staff for funeral ceremony or publicly attended cremation** \$695.00
- D. Facilities and staff for memorial service** \$695.00
- E. Equipment and staff for graveside service or church service** \$695.00
- F. Refrigeration** First day \$125 each additional day \$35.00

This charge is per day refrigeration of the deceased; this charge may be included in our professional services. Refrigeration is required for decedents who are not embalmed and who are not buried or cremated within 48 hours of death. Embalmed decedents also require refrigeration after seven days.

G. Preplacement Fee - When no pallbearers provided by family \$350.00

This fee is for Hill and Wood Staff, Cemetery or third parties, as well as their transportation, to move a casket from the Hearse or Memorial Vehicle to the place of service, or gravesite.

IV. EMBALMING

A. Embalming \$995.00

Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not select embalming you usually have the right to choose an arrangement that does not require you to pay for it, such as a Direct Cremation or Immediate Burial.

Families electing Green Burial may request a "Green Embalming" using embalming fluids based on essential oils. As these fluids tend to be more expensive there may be an additional charge. Families may also select to forego public viewings, or have a vigil or viewing at home.

B. Additional Embalming Charges

- a. Autopsy Cases** add \$150

Hill and Wood does not charge families who have entrusted us with the services for their loved one if the autopsy is ordered by the Medical Examiner's Office.

b. Communicable Disease Cases add \$150

Embalming in cases of communicable disease is not always possible, your funeral director will advise you of constraints and options available to you.

c. After-Hours add \$150

If an after-hours embalming is specifically requested or required to meet a deadline for travel, etc., Hill and Wood will accommodate such requests dependent on staff availability.

d. Green Embalming add \$250

Green Embalming is a service offered for families who desire embalming but are looking for a more environmentally sound option. Green Embalming follows the same procedures as “standard” embalming but uses fluids based on essential oils and other natural compounds that are more environmentally conscious. All embalming should be considered temporary, but Green Embalming, by design, is not meant to preserve the body for extended lengths of time. Your Funeral Director can advise you further if this is an option you are considering.

V. OTHER PREPARATION OF DECEDENT

A. Other Preparation of the Deceased for Burial or Attended Cremation \$450.00

Our charge for bathing the deceased and dressing them with clothing provided by the family. We ask for a full set of undergarments with clothing. Hill and Wood is able to acquire clothing for an additional cost upon request. Cosmetology including both standard and mortuary specific cosmetics; and placement of the deceased in the casket of the family's selection are also included in this cost as applicable.

B. Hairdressing \$125.00

Our charge for styling hair, subject to availability and extent of request. Hill and Wood may complete requests either in house or by hiring an outside professional; in either case it is possible that not all requests can be accommodated. Hill and Wood does not typically cut, perm, or dye hair; such services may be available for an additional fee.

VI. IMMEDIATE BURIAL

Our charge includes local transfer of remains to the funeral home, basic professional services of funeral director and staff, casketing, vehicle to cemetery, and placement of the casket at grave. This does not include the requirements of the cemetery.

While we welcome a family member or representative being present, this is limited to no more than three individuals. Immediate Burials are conducted Monday through Friday only, at a time mutually convenient to the funeral home and cemetery. Given the reduced fees and staffing, we are not able to accommodate delays or ceremonies of any kind. “Immediate Burial” does not necessarily mean that burial will take place quickly.

- A. Immediate burial with container provided by purchaser** \$ 4,995.00
- B. Immediate burial with container purchased at the funeral home** \$6,490.00 to \$21,485.00
- C. Immediate burial with highest priced casket** \$21,485.00

VII. DIRECT CREMATIONS

State and local laws do not require a casket for Direct Cremation. If you want to arrange a Direct Cremation, you can use an Alternative Container. Alternative Containers encase the decedent and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we offer are made of wood reinforced cardboard, Fiberboard, or wood, see descriptions below.

Our Direct Cremation prices include our limited professional services for Direct Cremations, Medical Examiner fees, cremation fees, local transportation for your loved one to the funeral home and crematory, first day and up to six additional days of refrigeration and an optional private attended cremation service.
